Assignment 2c
Web Application Development Laboratory

5. App Starting command

```
PS D:\Study\T.E I.T\WADL\Assignment_2\user-auth-app> ng serve
Component HMR has been enabled.
If you encounter application reload issues, you can manually reload the page to bypass HMR and/or disable this feature with the `--no-hmr` command line option.
Please consider reporting any issues you encounter here: https://github.com/angular/angular-cli/issues

Initial chunk files | Names       | Raw size
polyfills.js        | polyfills   | 90.20 kB |
main.js             | main        | 27.42 kB |
styles.css          | styles      | 95 bytes |

                    | Initial total | 117.72 kB

Application bundle generation complete. [3.001 seconds]

▲ [WARNING] NG8103: The `*ngIf` directive was used in the template, but neither the `NgIf` directive nor the `CommonModule` was imported. Use Angular's built-in control flow @if or m
ake sure that either the `NgIf` directive or the `CommonModule` is included in the `@Component.imports` array of this component. [plugin angular-compiler]
